Career objective

Motivated Computer Science Engineering student seeking an entry-level Software Engineer position where I can apply my programming, problem-solving, and analytical skills while continuously learning and contributing to innovative projects.

Education

Course	University/Board	Duration of study
B. Tech (CSE)	Sir C.R.Reddy college of Engineering, JNTUK	2022-2026
Intermediate (MPC)	Sri Chaitanya Jr. college, Eluru	2020-2022
CBSE	Sir C.R.Reddy public school, Eluru.	2019-2020

Certifications:

- Certified in "Programming for Everybody (Getting Started with Python)" – University of Michigan (Coursera)
- Certified in Web Development – Career Bridge IT Services and Overseas Education
- Certified in Artificial Intelligence – SkillDzire
- Certified in Artificial Intelligence & Machine Learning – Innovate Intern
- Power BI Workshop Certification – DataValley

Technical Skills:

- Programming – Python, C, SQL (Basic)
- Web Technologies – HTML, CSS, React (Basic)
- Machine Learning – Basic AI/ML Concepts
- Tools – Power BI (Basic), VS Code
- Concepts – Object-Oriented Programming (OOP)Basics, Data Analysis Basics

Projects:

- **Click Through Rate Prediction**
    - Developed a model to predict user click behavior and analyze interaction data to support better decision-making in digital platforms.
        - Technologies Used: Machine Learning, Python
- **Meeting Room Booking System**
    - Developed a full-stack meeting room booking application with authentication and role-based access.Built REST APIs and MongoDB/Mongoose integration for users, rooms, and bookings.
    - Technologies Used: React.js, Node.js
- **Career Bridge IT Services and Overseas Website**
    - Duration: 2 Months.
    - Designed and developed a website focused on clarity and ease of navigation, helping visitors easily understand the institute's services and offerings.
        - Technologies Used: HTML, CSS

Internship:

- MERN Stack Developer Intern | HanviTech

Duration: 1.5 Month

Task Management System:

- Developed a full-stack task management application with OTP authentication and JWT authorization.
- Implemented role-based access, task management, user management, and REST APIs**.Built a** responsive React frontend with reusable components and backend API integration.

Co-Curricular Activities:

- Participated in a **Group Discussion** organized on **Engineering Day – September 2023**.
- Successfully completed a **Power BI Workshop – September 2025**, gaining practical knowledge in **data analysis and visualization**.

Extra-curricular Activities:

- Participated in Swachh Bharat awareness events
- Participated in **Badminton competitions** at the college level – **September 2024**.
- Participated in a **Flash Mob event** during the **Department Fest – March 2025**.

Strengths:

- Quick adaptability to new environments and responsibilities
- Strong communication and interpersonal skills
- Problem-solving and analytical thinking
- Strong learning agility and willingness to learn new technologies

Hobbies: Painting, Travelling.
